#### Successful for over 60 years

In 1947 the North West German Exhibition Company (Nord West Deutsche Ausstellungsgesellschaft mbH - NOWEA) was founded in Düsseldorf, with initially 4,800 square metres of exhibition space at Ehrenhof. Being the first trade fair after WWII, the German Press Exhibition "Deutsche Presseausstellung" attracted 207,000 visitors to Düsseldorf. 60 years later Messe Düsseldorf is among the 10 trade fair organisers posting the highest turnover worldwide.

#### Added Value for Everyone

We know markets and market players, follow industry developments, and know what moves companies and customers — and we are able to build on this when developing trade fairs and trade fair themes. To make our events so attractive that visitors from around the world come to our trade fairs around the world.

Cardboard or plastic? Glass or steel? Whatever you make into a product, you see the most up-to-date production technology at our exhibitions first — at the leading trade fairs for machinery and plant manufacturing. drupa, K, interpack, Glasstec and wire/Tube and their partner events show trends and cutting-edge technologies in their respective industries, and are examples for specialized trade fairs that we bring to our customers all over the world — from Dubai to Shanghai.
