Stone

Diatex, an ever since leading company in the Ceramic Industry, have been active for a few years in the Stone Industry market, thus becoming a top manufacturer and a benchmark for customers who demand innovative solutions, great skills and a qualified technical assistance.

Diatex, a customer oriented company, keep always the customers' satisfaction as the goal of their mission. Their technical staff and a totally "made in Italy" production enable the company to create prototypes and test new products within short times, thus satisfying their customers' requirements.

At their Test Dept. in Villaverla new tools are tested by means of sophisticated devices which reproduce the customers' manufacturing process, enabling Diatex to offer a product which has undergone severe tests. In this way a more competitive and bespoke product is developed.

Ceramics
